

Happy Valentine's Day! Remember those you love!

The Prez Sez:

I'm happy to inform you that your Exchange Club Board, after gathering the needed information and after a thorough discussion, has decided to sell the Outback Steakhouse meal tickets to raise funds for the Calhoun/Cleburne Children's Center. A representative of CCAF will be at our meeting on February 11 to bring us the tickets and the information we need to be successful in this important endeavor.

Our meeting for April 8 will be moved to the Methodist Church so that the meals can be delivered there for distribution. We are not requiring members to sell or purchase any set number of tickets, but we hope that everyone will want to be involved in some way to make this a successful effort and in helping it run as smoothly as possible. I feel this is a great opportunity for our club and we will be providing you with more information about how we will be promoting this in our community.

Lamar has planned a program for **Thursday**, February 11 where each of the three candidates for the District 40 State Representative position will be given ten minutes to speak to the club about the election.

I hope to see as many of you there as possible.

Yours in Exchange,

Bill

Youth of the Month

JHS- TAYLOR EAST, son of Richard and Lisa East, is on the A-B Honor Roll. He was head director of the Drama Department's production of Alice in Wonderland and the upcoming production of Arsenic and Old Lace. He has served as assistant director or as an actor in four other productions. Taylor loves movies, music and video games. He is very interested in science and plans to attend Auburn University for a veterinary degree. Taylor will be introduced by his pre-calculus teacher, Mr. Lavender.

PVHS - COREY SHACKELFORD, son of Dean and Trina Shackelford, won his seventh and eighth grade science award; biology award; physical science award; seventh through eleventh grade history award; tenth grade English Award and is a member of the prestigious Beta Club. Corey is also a member of SADD, the Scholars Bowl, the Key Club, the Math Team and the Spanish Club. He plays varsity football, basketball and baseball at PVHS and is active in his church. Corey's hobbies include sports, video games and reading. He will be introduced by his science teacher, Mr. Randy Jackson.
